

Revolutionizing UdaPeople with CI/CD

- Sakshi Kulshreshtha

Overview

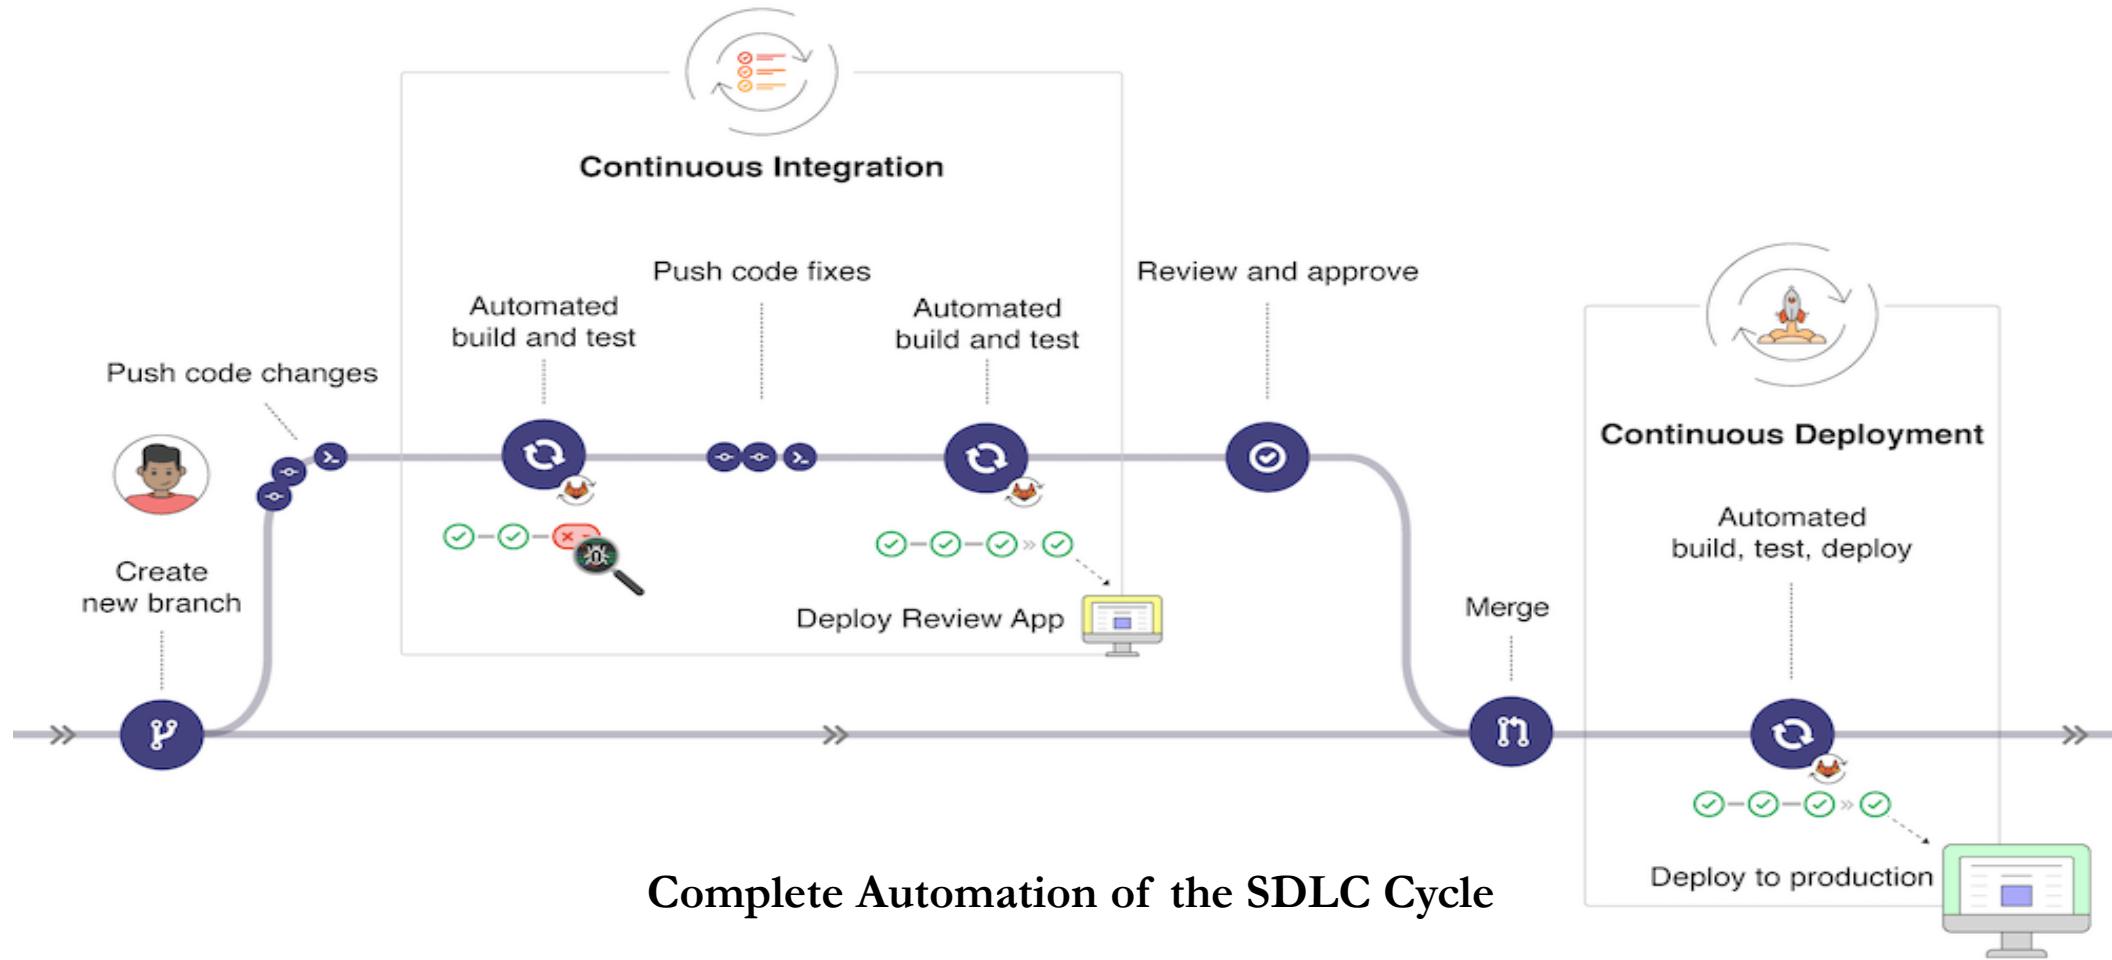

What is CI / CD ?

Why CI / CD ?

What's In It for Us ?

Say Yes to CI/CD!

What is CI / CD ?

Why CI / CD ?

Frees engineers from the hassle of creating infrastructure and deploying code

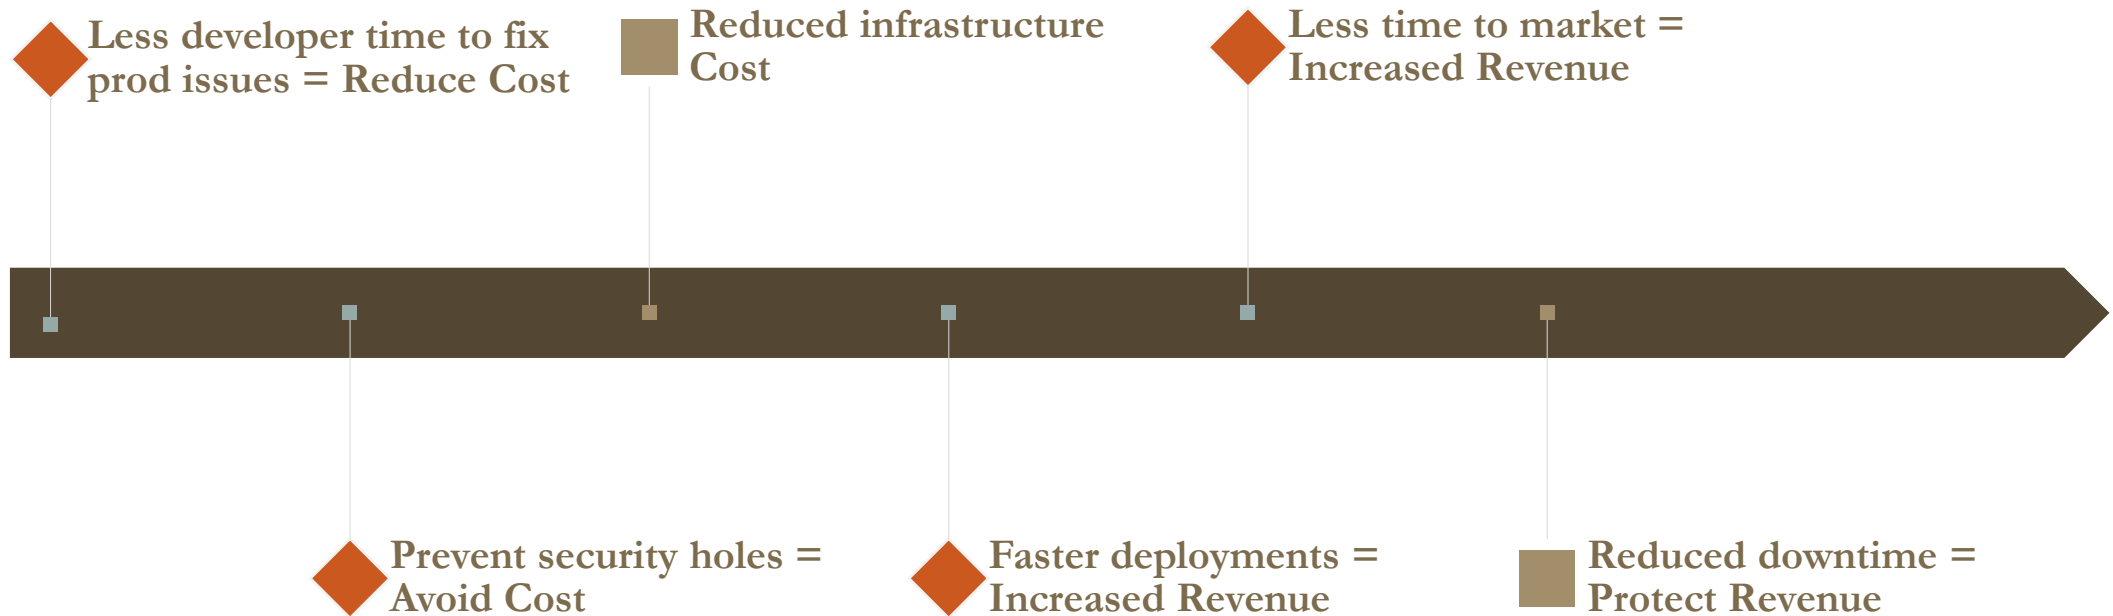

Invest **more time** on delivering value, not on release cycles

No more off-schedule releases due to messy deployments

Development & Ops departments **work together**

Deployments are not dreaded but **celebrated!**

What's In It for Us ?

Say Yes to CI/CD!

and NO to:

- Bugs in Production
- Increased Cost
- Slow & Delayed Releases
- Unsatisfied Users
- Frustrated Developers

Thank You !
